Cactus Nazarene Ministry Center (CNMC) began in 2013. This community development center is in the diverse Texas panhandle town of Cactus. CNMC ministers to the 20+ cultures that live in Cactus and surrounding areas, primarily immigrants and refugees from Mexico, Central America, Myanmar, and Africa through addressing the most basic needs of the community of Cactus, TX. The primary focus of all programs, whether immigration, children's ministries or English as a Second Language is to focus on emotional, mental, social, and spiritual transformation.

Team members will be working on minor projects such as painting, yardwork, general cleaning and repairing and helping in areas of ministry such as children's afterschool programs, youth mentoring and immigration assistance. On Saturday, our team will be helping with the community event, **Shoes 2 Souls**, handing out shoes and socks to children ages 0 – 10. We will be worshipping at the Cactus, Texas International Church of the Nazarene on Sunday.
